

GRAPEVIEW SCHOOL PTA RECEIVES AWARD

At a celebration at the Capital Region Educational Services District 113, on May 23, the Grapeview School PTA received a Community Leadership Award for their work to promote school success in the Grapeview School District. PTA leaders and members Crystal and Greg Slayton, and Judi and Darren Porter, received the award on behalf of the PTA, along with Superintendent Bill Evans. In receiving the award, it was stated that: "The Grapeview PTA is an amazing group of hard-working parents, staff, and community members. They support and encourage the teachers and staff with a broad menu of assistance. From helping with field trip costs, to assisting with the 8th grade graduation, this team helps Grapeview be the multiple award-winning School of Distinction that it has become. The PTA provides funding to teachers for classroom supplies, provides food for the staff during conference weeks, adopts families for holiday assistance, and is instrumental in the annual bookfair and reading night that is so popular with students and parents." It was further stated that the Grapeview PTA "truly exemplifies the notion that behind every great school is a great PTA!"
