WELCOME!

Grapeview staff and administration would like to thank you for joining us at Grapeview Elementary and Middle School!

This planner is provided to each student at Grapeview (except Kindergarten) in order to encourage consistent communication between school and home, as well as encourage students to be organized. You will find valuable information from your child’s teacher(s) - including, but not limited to, assignment due dates, homework assignments, behavioral notes, and important school activities. Regular review of the planner between parent and child is highly encouraged, a suggested minimum is weekly, but daily would be best. Use of the planner on a daily basis to stay organized and informed is the goal of our staff for each of our students.

Also included in this planner are important school procedures and policies. We have tried to include answers to the most frequently asked questions of parents/guardians. If you have additional questions, please do not hesitate to contact the office, principal, or the specific teacher.

Have a great year!

EXCUSED ABSENCES
All absences due to illness and/or family emergencies are excused if provided with a note/email/phone call from the appropriate guardian. All absences not excused within 48 hours will be considered unexcused; appropriate disciplinary consequences will be assigned.

- After ten or more excused absences in the school year a conference is required.
- A conference is not required if your student has provided a doctor’s note, or pre-arranged the absence in writing, and the parent, student and school have made plan, so your student does not fall behind academically. UNEXCUSED ABSENCES/TARDIES

REPORT CARDS
Grapeview uses a semester system; therefore, report cards are printed two times a year: January and June. Middle school will receive progress reports/report cards at each of the quarters, with conferences for 1st and 3rd quarter. Whereas the elementary will have report cards only at the semester, the conferences will be to share current growth for 1st and 3rd quarter. The elementary school (K-5) utilizes a standards-based report card and a 1-4 scoring option. Students are graded based on their acquisition of specific skills in each subject area. The middle school (6-8) utilizes the letter grade system for completion of assignments and assessment within each course.

**RELEASE OF DIRECTORY INFORMATION**
Federal law requires an annual reminder to parents that the School District is permitted to publish certain information about students, such as name, address, telephone, place of birth, participation in sports and activities, diplomas and awards, athletic rosters and honor roll. These items may be in yearbooks, on the website, in the newspaper or other public forms. If parents or guardians do not wish such information released, please complete the “opt out” form that is available in the office.

**MONEY, VALUABLES, TOYS**
Money and valuables should not be brought to school due to the danger of loss. Students are requested not to bring more money than is needed during the day. It is STRONGLY ADVISED that all valuables (jewelry, cameras, media devices, radios and toys) not be brought to school. Personal items are brought at the student’s risk and may be taken by the teacher or administrator if they cause a problem and will be returned to the parent.

**TECHNOLOGY**
Using computers at Grapeview School is a privilege and are to be used for educational purposes only. The following actions are prohibited and could result in disciplinary procedures:
- Viewing objectionable material or materials not authorized by the instructor.
- Involvement in any form of electronic communication is not allowed on the Grapeview School campus.
- Involvement in cyber-bullying, threats, or other potentially harmful incidents, which would be detrimental to the learning of self or others and will result in consequences.
- Participating in, destroying, modifying, deleting or adding software to district computers without permission.
- Interfering or disrupting other users, services (work) or equipment.

In consideration for the privilege of using the school network and for having access to the public networks (Internet), the student and Parent/Guardian agree to release the Grapeview School District and any related service provider(s) from any and all claims and damages of any nature arising from the students use, or ability to use, the school’s computer facilities.

**PERSONAL MEDIA DEVICES**
Grapeview School District recognizes the importance of technology in students’ lives. Grapeview supports a “bring your own device” program at the intermediate and middle school grade levels (4th – 8th grade). This program allows students with personal computing devices or tablets access in a structured environment at school. **Grapeview does not allow cell phones or any other personal communication devices from 8:15 – 3:15, or on the bus from pick up to drop off.**

These devices are to be used ONLY for educational purposes such as research, reading, assessment, etc. Games, videos, music, photos, etc. are not allowed – unless part of the educational process and under adult supervision.

All students with a personal device MUST complete a parental permission form for its use on school grounds. All damages, loss, and expenditures are the responsibility of the student and his/her family; Grapeview School and District are to be released from any claims and/or damages of the student’s personal computing device.
- Parents may reach students in emergency by calling the school.
- Students may also place phone calls between classes or at lunch in the office or with the permission of their teacher.
- Students having a device visible and/or which causes a disruption during school will have it confiscated and it will ONLY be returned to the parent.

Parental support of these policies is appreciated. Loss of the privilege will occur with continued infractions, as well as disciplinary consequences.

**VISITING SCHOOL**
Parents and guests are always welcome at school and we highly encourage you to come. Please contact the principal in advance if you wish to visit a classroom. For safety reasons, please always sign in and out through the office. A child will only be released when signed out through the office. Children leaving school during the school day must bring a signed note from home permitting us to excuse them.
GUARDIANSHIP OF STUDENTS
Parents or guardians who have restraining orders or other legal documents regarding the custody of a child are required to have a copy on file with the principal. If problems concerning custody arise during the course of the year, please notify us as soon as possible. In a custody question, the custodial parent will be contacted. We will not allow a child to leave without the permission of the custodial parent or guardian.

GRAPEVIEW AWARDS AND CELEBRATIONS

In an effort to recognize the positive behaviors and choices of students, Grapeview employs several different types of celebrations. Below is a list of those that are at the school level.

Gator Tails
Every student at Grapeview can be recognized for their positive contributions to the school. The Gator Tails Initiative is a PBIS activity where students are caught by their teachers doing the right things, supporting their classmates, or otherwise displaying the qualities that make them a Great Gator.
- Students will be taught the Gator Expectations by school staff.
- Each month there will be a designated theme for student behavior.
- Students who are seen by school staff displaying the qualities of that theme will be given a Gator Tail.
- Gator Tails must have the student’s full name, grade, and staff signature.
- Gator Tails should be turned in to the boxes outside the main office.
- Each month a student from grades K-2, 3-5, and 6-8 will be drawn from the Gator Tails boxes and receive a prize.
- Gator Tails are displayed in the hallway outside the Gym.

Academic Excellence
Students in the eighth grade who are in the top 10% of academic achievement are recognized by the Skookum Rotary. They are honored through a recognition assembly, visit to the University of Puget Sound, and a photo memorial.

HOMEWORK POLICY

PRIMARY STUDENTS:
Please do not expect your primary (K-1) child to have homework in the “typical” sense of a worksheet or task to be completed. Instead, we wish to encourage you to utilize your time for family activities. Consider the abbreviation: PDF = Playtime, Downtime, and Family time.
- **Playtime** - consider playing a game, being outside, or competing in a sport = activities that would allow your child time to practice their social skills.
- **Downtime** - relax by reading, napping, watching T.V. = this would be time they could practice their independence.
- **Family Time** - spend time together by cooking together, playing a counting game, writing out the grocery list = the goal for this time is to work on academic skills in a non-academic setting – “real-life” situations.

If you wish your child to practice the more familiar Reading, Writing, and Arithmetic – we have placed numerous websites and ideas on our website.

INTERMEDIATE STUDENTS:
While we continue to encourage PDF in grades 2-5; there will be times when your child has book reports and/or projects that must be completed at home. All teachers will communicate with you when these projects are occurring so that you are aware of the extra expectations. (Students that are absent are required to make up missing assignments.)

MIDDLE SCHOOL STUDENTS:
You can expect all middle school students to have a minimum of 30 minutes of homework each evening. This could be the expectation to read, practice writing, finish math problems, or studying for a test. As students progress through the grade levels, this amount may increase in preparation for high school expectations.
If your child is struggling with a concept or assignment – please contact the teacher. Please try to avoid spending hours debating and arguing over the assignment that has come home. Let the teacher know it is a concern.
SPORTS PROGRAM (Grades 5-8)

GENERAL INFORMATION
Grapeview School participates in an interscholastic athletic program dedicated to the learning of skills and promoting sportsmanship. Grapeview is a member of the Tri-County Athletic League.

FEES
The Grapeview School Board is reviewing the possibility of a small sports fee. If this occurs, more information will be provided – including how to apply for a scholarship and/or waiver.

SPORTS PHYSICALS
A current sports physical must be on file in the office in order to be eligible to participate in any sport. The physical expires 24 months from the examination date.

ELIGIBILITY
Grapeview is a “no-cut” sports program – students will not be removed from a team due to athletic ability. However, some students may be eliminated because of a negative or uncooperative attitude, disrespect towards others, and/or grades. To be eligible to participate in a sport, students must have a C- or better in all classes for the immediate term prior to the season and maintain these grades through the season. Students will be placed on probation for D grades and suspended for an F. Probation allows a student to practice with the team, but they may not participate in a game or travel with the team. A suspended student is unable to practice or attend games until their grades are improved. *For 5th grade students – eligibility is determined by teacher recommendation, as standards are not similar to letter grades.

Complaints about Discrimination, Discriminatory Harassment, and Sexual Harassment

What is discrimination?
Discrimination is unfair or unlawful treatment of a person or group because they are part of a defined group, known as a protected class. Discrimination may include treating a person differently or denying someone access to a program, service, or activity because they are part of a protected class or failing to accommodate a person’s disability.

What is a protected class?
A protected class is a group of people who share common characteristics and are protected from discrimination or harassment by federal, state, or local laws. Protected classes under Washington State law include sex, race, color, religion, creed, national origin, disability, sexual orientation, gender expression, gender identity, veteran or military status, and the use of a trained guide dog or service animal.

How do I file a complaint about discrimination?
If you believe that you or your child has experienced unlawful discrimination or discriminatory harassment at school based on any protected class, you have the right to file a formal complaint. For a full copy of the school district’s nondiscrimination procedure, visit www.gsd54.org or contact the school district at 360-426-4921 or 275-4921.
Before filing a complaint, you may wish to discuss your concerns with your child’s principal or with the school district’s Section 504 Coordinator, Title IX Officer, or Civil Rights Compliance Coordinator. This is often the fastest way to resolve your concerns.

Step 1: Complaint to the School District
In most cases, complaints must be filed within one year from the date of the event that is the subject matter of the complaint. A complaint must be in writing, it must describe what happened, and state why you believe it is discrimination. It is also helpful to include what actions you would like the district to take to resolve your complaint.
Complaints may be submitted by mail, fax, email, or hand delivery to any district or school administrator or the district’s Compliance Coordinator.
When the school district receives your written complaint, the Compliance Coordinator will give you a copy of the district’s discrimination complaint procedure. The Compliance Coordinator will then make sure that the school district conducts a prompt and thorough investigation. You may also agree to resolve your complaint in lieu of an investigation.
The school district must respond to you in writing within 30 calendar days after receiving your complaint, unless you agree on a different date. If exceptional circumstances related to the complaint require an extension of the time limit, the school district will notify you in writing about the reasons for the extension and the anticipated response date.
When the school district responds to your complaint, it must include:
1. A summary of the results of the investigation;
2. Whether or not the school district has failed to comply with civil rights requirements related to the complaint;
3. Notice of your right to appeal, including where and to whom the appeal must be filed; and
4. Any corrective measures determined necessary to correct any noncompliance.

**Step 2: Appeal to the School Board**
If you disagree with the school district’s decision, you may appeal to the School District’s Board of Directors. You must file a notice of appeal in writing to the secretary of the school board within 10 calendar days after you received the school district’s response to your complaint.

The school board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. At the hearing, you may bring witnesses or other information related to your appeal.

The school board will send you a written decision within 30 calendar days after the district received your notice of appeal. The school board’s decision will include information about how to file a complaint with OSPI.

**Step 3: Complaint to OSPI**
If you do not agree with the school board’s appeal decision, you may file a complaint with the Office of Superintendent of Public Instruction (OSPI). A complaint must be filed with OSPI within 20 calendar days after you received the district’s appeal decision. You may send your complaint to OSPI by e-mail, mail, fax, or hand-delivery:

E-mail: Equity@k12.wa.us
Fax: (360) 664-2967
Mail: OSPI Equity and Civil Rights Office, PO Box 47200, Olympia, WA 98504-7200

Complaints cannot be filed with OSPI unless they have already been raised with the school district and appealed, as outlined in Steps 1 and 2 above, or if the school district did not follow the correct complaint and appeal procedures.

For more information, visit www.k12.wa.us/Equity/Complaints.aspx, or contact OSPI’s Equity and Civil Rights Office at (360) 725-6162/TTY: (360) 664-3631 or by e-mail at equity@k12.wa.us.

This commitment extends to all students involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation or at a class or school training held elsewhere.

**Definitions**
For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur adult to student, student to student or can be carried out by a group of students or adults and will be investigated by the
District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of students by other students, employees or third parties involved in school district activities.

Under federal and state law, the term “sexual harassment” may include:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communication that interferes with an individual’s educational performance or creates an intimidating, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied condition of obtaining an educational benefit;
- sexual demands where submission or rejection is a factor in an academic, or other school-related decision affecting an individual.

A “hostile environment” has been created for a student when sexual harassment is sufficiently serious to interfere with or limit the student’s ability to participate in or benefit from the school’s program. The more severe the conduct, the less need there is to demonstrate a repetitive series of incidents. In fact, a single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe, violent, or egregious.

**Investigation and Response**

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, it will promptly investigate to determine what occurred and take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end the sexual harassment, eliminate the hostile environment, prevent its recurrence and as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority on reports, complaints and grievances alleging sexual harassment that come to the attention of the district, either formally or informally. The district will take these steps every time a complaint, alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation, to the extent that such investigation does not interfere with an ongoing criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending students, staff or other third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

**Retaliation and False Allegations**

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

**Staff Responsibilities**

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives a report, informal complaint, or written complaint about sexual harassment is responsible for informing the district Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district’s Title IX/Civil Rights Compliance Coordinator. Reports of disability discrimination or harassment will be referred to the district’s Section 504 Coordinator.
3207 PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING

The board is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and community members that is free from harassment, intimidation or bullying. “Harassment, intimidation or bullying” means any intentionally written message or image — including those that are electronically transmitted — verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability or other distinguishing characteristics, when an act:

A. Physically harms a student or damages the student’s property;
B. Has the effect of substantially interfering with a student’s education;
C. Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or
D. Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

“Other distinguishing characteristics” can include but are not limited to physical appearance, clothing or other apparel, socioeconomic status and weight.

“Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s).

Behaviors/Expressions
Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

Training
This policy is a component of the district’s responsibility to create and maintain a safe, civil, respectful and inclusive learning community and will be implemented in conjunction with comprehensive training of staff and volunteers.

Prevention
The district will provide students with strategies aimed at preventing harassment, intimidation and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement and other community agencies.

Interventions
Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the perpetrator, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

Students with Individual Education Plans or Section 504 Plans
If allegations are proven that a student with an Individual Education Plan (IEP) or Section 504 Plan has been the target of harassment, intimidation or bullying, the school will convene the student’s IEP or Section 504 team to determine whether the incident had an impact on the student’s ability to receive a free, appropriate public education (FAPE). The meeting should occur regardless of whether the harassment, intimidation or bullying incident was based on the student’s disability. During the meeting, the team will evaluate issues such as the student’s academic performance, behavioral issues, attendance, and participation in extracurricular activities. If a determination is made that the student is not receiving a FAPE as a result of the harassment, intimidation or bullying incident, the district will provide additional services and supports as deemed necessary, such as counseling, monitoring and/or reevaluation or revision of the student’s IEP or Section 504 plan, to ensure the student receives a FAPE.

Retaliation/False Allegations
Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying. It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

**Compliance Officer**
The superintendent or designee will appoint a compliance officer as the primary district contact to receive copies of all formal and informal complaints and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district.

**3210 NONDISCRIMINATION**
The district will provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without discrimination based on race, religion, creed, color, national origin, age, honorably-discharged veteran or military status, sex, sexual orientation, gender expression or identity, marital status, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability. The district will provide equal access to school facilities to the Boy Scouts of America and all other designated youth groups listed in Title 36 of the United States Code as a patriotic society. District programs will be free from sexual harassment. Auxiliary aids and services will be provided upon request to individuals with disabilities.

Conduct against any student that is based on one of the categories listed above that is sufficiently severe, persistent or pervasive as to limit or deny the student’s ability to participate in or benefit from the district’s course offerings; educational programming or any activity will not be tolerated. When a district employee knows, or reasonably should know, that such discriminatory harassment is occurring or has occurred, the district will take prompt and effective steps reasonably calculated to end the harassment, prevent its recurrence and remedy its effects.

The district’s nondiscrimination statement will be included in all written announcements, notices, recruitment materials, employment applications, and other publications made available to all students, parents, or employees. The statement will include: 1) notice that the district will not discriminate in any programs or activities on the basis of any of the above-listed categories; 2) the name and contact information of the district’s compliance officer designated to ensure compliance with this policy; and 3) the names and contact information of the district’s Section 504 and Title IX compliance officers.

The district will annually publish notice reasonably calculated to inform students, students’ parents/guardians (in a language that they can understand, which may require language assistance), and employees of the district’s discrimination complaint procedure. The superintendent will designate a staff member to serve as the compliance officer for this policy. The compliance officer will be responsible for investigating any discrimination complaints communicated to the district. The district will provide training to administrators and certificated and classroom personnel regarding their responsibilities under this policy and to raise awareness of and eliminate bias and discrimination based on the protected classes identified in this policy.

**3230 STUDENT PRIVACY AND SEARCHES**

Students over fourteen years of age have the right to keep private from everyone any district records indicating that they have been tested or treated for a sexually transmitted disease. Students thirteen years and older have confidentiality rights in records regarding drug, alcohol or mental health treatment. All students have confidentiality rights in family planning or abortion records. Searches of Students and Personal Property Personal privacy is a fundamental aspect of individual liberty. All students possess the constitutional right to be secure in their persons, papers, and effects against unreasonable searches and seizures. Staff shall take particular care to respect students’ privacy.

School officials have authority to maintain order and discipline in the schools and to protect students from exposure to illegal drugs, weapons, and contraband. The superintendent/principal, and other staff designated by the superintendent shall have the authority to conduct reasonable searches on school property as provided by board policy.
3241 STUDENT DISCIPLINE

“Discipline” means any action taken by the school district in response to behavioral violations. Discipline is not necessarily punitive but can take positive and supportive forms. Data show that a supportive response to behavioral violation is more effective and increases equitable educational opportunities. The purposes of this policy and accompanying procedure include:

- Engaging with families and the community and striving to understand and be responsive to cultural context
- Supporting students in meeting behavioral expectations, including providing for early involvement of parents
- Administering discipline in ways that respond to the needs and strengths of students and keep students in the classroom to the maximum extent possible
- Providing educational services that students need during suspension and expulsion
- Facilitating collaboration between school personnel, students, and parents, and thereby supporting successful reentry into the classroom following a suspension or expulsion
- Ensuring fairness, equity, and due process in the administration of discipline
- Providing every student with the opportunity to achieve personal and academic success
- Providing a safe environment for all students and for district employees

The Superintendent or designee shall establish and make available rules of student conduct, designed to provide students with a safe, healthy, and educationally sound environment. Students are expected to be aware of the district’s rules of student conduct, including behavior standards that respect the rights, person, and property of others. Students and staff are expected to work together to develop a positive climate for learning.

Minimizing exclusion, engaging with families, and supporting students

Unless a student's presence poses an immediate and continuing danger to others or an immediate and continuing threat to the educational process, staff members must first attempt one or more forms of other forms of discipline to support students in meeting behavioral expectations before imposing classroom exclusion, short-term suspension, or in-school suspension. Before imposing a long-term suspension or expulsion, the district must first consider other forms of discipline.

These other forms of discipline may involve the use of best practices and strategies included in the state menu for behavior developed under RCW 28A.165.035. The accompanying procedure will identify a list of other forms of discipline for staff use. However, staff members are not restricted to that list and may use any other form of discipline compliant with WAC 392-400-025(9).

School personnel must make every reasonable attempt to involve parents and students to resolve behavioral violations. The district must ensure that associated notices, hearings, conferences, meetings, plans, proceedings, agreements, petitions, and decisions are in a language the student and parents understand; this may require language assistance. Language assistance includes oral and written communication and further includes assistance to understand written communication, even if parents cannot read any language. The district’s use of suspension and expulsion will have a real and substantial relationship to the lawful maintenance and operation of the school district, including but not limited to, the preservation of the health and safety of students and employees and the preservation of an educational process that is conducive to learning.

As described in the procedures, the district will offer educational services to students during suspension or expulsion. When the district administers a long-term suspension or expulsion, the district will timely hold a reengagement meeting and collaborate with parents and students to develop a reengagement plan that is tailored to the student’s individual circumstances, in order to return the student to school successfully. Additionally, any student who has been suspended or expelled may apply for readmission at any time.

Staff authority

District staff members are responsible for supervising students during the school day, during school activities, whether on or off campus, and on the school bus. Staff members will seek early involvement of parents in efforts to support students in meeting behavioral expectations. The Superintendent has general authority to administer discipline, including all exclusionary discipline. The Superintendent will identify other staff members to whom the Superintendent has designated disciplinary authority. After attempting at least one other form of discipline, teachers have statutory authority to impose classroom exclusion for behaviors that disrupt the educational process. Because perceptions of subjective behaviors vary and include implicit or unconscious bias, the accompanying procedures will seek to identify the types of behaviors for which the identified district staff may administer discipline.

Ensuring fairness, providing notice, and an opportunity for a hearing

When administering discipline, the district will observe all of the student’s constitutional rights. The district will notify parents as soon as reasonably possible about classroom exclusion and before administering any suspension or expulsion. The district will provide opportunities for parent participation during an initial hearing with the student. The district will provide parents with written notice, consistent with WAC 392-400-455, of a suspension or expulsion no later than one school business day following the initial hearing. As stated above, language assistance includes oral and written communication and further includes assistance to understand written communication, even if parents cannot read any language. The district has established procedures for review and appeal of suspensions, expulsions, and emergency expulsions, consistent with WAC 392-400-430 through 392-400-530.

3241P PROCEDURE STUDENT DISCIPLINE

Development and review

Accurate and complete reporting of all disciplinary actions, including the behavioral violations that led to them, is essential for effective review of this policy; therefore, the district will ensure such reporting. The school district will periodically collect and review data on disciplinary actions taken against students in each school. The data will be disaggregated into subgroups as required by RCW 28A.300.042, including students who qualify for special education or Section 504. The data review will include classroom exclusion, in-school and short-term suspensions, and long-term suspensions and expulsions. The district will invite school personnel, students, parents, families, and the community to participate in the data review. The purpose of the data review is to determine if disproportionality exists; if disproportionality is found the district will take action to ensure that it is not the result of discrimination and may update this policy and procedure to improve fairness and equity regarding discipline.

Distribution of policies and procedures

The school district will make its discipline policies and procedures available to families and the community. The district will annually provide its discipline policies and procedures to all district personnel, students, and parents, which may require language assistance for students and parents with limited-English proficiency under Title VI of the Civil Rights Act of 1964. The school district will ensure district employees and contractors are knowledgeable of the discipline policies and procedures.

3241P PROCEDURE STUDENT DISCIPLINE

Definitions

For purposes of all disciplinary policies and procedures, the following definitions will apply:

- **“Behavioral violation”** means a student’s behavior that violates the district’s discipline policies.
- **“Classroom exclusion”** means the exclusion of a student from a classroom or instructional or activity area for behavioral violations, subject to the requirements of WAC 392-400-330 and 392-400-335. Classroom exclusion does not include action that results in missed instruction for a brief duration when:
  - (a) a teacher or other school personnel attempts other forms of discipline to support the student in meeting behavioral expectations; and
  - (b) the student remains under the supervision of the teacher or other school personnel during such brief duration.
- **“Culturally responsive”** has the same meaning as “cultural competency” in RCW 28A.410.270, which states "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students’ experiences and identifying cultural contexts for individual students.
- **“Discipline”** means any action taken by a school district in response to behavioral violations.
- **“Disruption of the educational process”** means the interruption of classwork, the creation of disorder, or the invasion of the rights of a student or group of students.
- **“Emergency expulsion”** means the removal of a student from school because the student’s statements or behavior pose an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process, subject to the requirements in WAC 392-400-510 through 392-400-530
- **“Expulsion”** means a denial of admission to the student’s current school placement in response to a behavioral violation, subject to the requirements in WAC 392-400-430 through 392-400-480
- **“Length of an academic term”** means the total number of school days in a single trimester or semester, as defined by the board of directors.
- **“Other forms of discipline”** means actions used in response to problem behaviors and behavioral violations, other than classroom exclusion, suspension, expulsion, or emergency expulsion, which may involve the use of best practices and strategies included in the state menu for behavior developed under RCW 28A.165.035.
- **“Parent”** has the same meaning as in WAC 392-172A-01125, and means (a) a biological or adoptive parent of a child; (b) a foster parent; (c) a guardian generally authorized to act as the child’s parent, or authorized to make educational decisions for the student, but not the state, if the student is a ward of the state; (d) an individual acting in the place of a biological or adoptive parent, including a grandparent, stepparent, or other relative with whom the student lives, or an individual who is legally responsible for the student’s welfare; or a surrogate parent who has been appointed in accordance with WAC 392-172A.05130. If the biological or adoptive parent is attempting to act as the parent and more than one party meets the qualifications to act as a parent, the biological or adoptive parent must be presumed to be the parent unless he or she does not have legal authority to make educational decisions for the student. If a judicial decree or order identifies a specific person or persons to act as the “parent” of a child or to make educational decision on behalf of a child, then that person or persons shall be determined to be the parent for purposes of this policy and procedure.
- **“School board”** means the governing board of directors of the local school district.
Engaging with Families & Language Assistance

The district must provide for early involvement of parents in efforts to support students in meeting behavioral expectations. Additionally, the district must make every reasonable attempt to involve the student and parent in the resolution of behavioral violations. Unless an emergency circumstance exists, providing opportunity for this parental engagement is required before administering a suspension or expulsion.

The district must ensure that it provides all discipline related communications [oral and written] required in connection with this policy and procedure in a language the student and parent(s) understand. These discipline related communications include notices, hearings, conferences, meeting, plans, proceedings, agreements, petitions, and decisions. This effort may require language assistance for students and parents with limited-English proficiency under Title VI of the Civil Rights Act of 1964. For parents who are unable to read any language, the district will provide written material orally.

Supporting Students with Other Forms of Discipline

Unless a student's on-going behavior poses an immediate and continuing danger to others, or a student's on-going behavior poses an immediate and continuing threat to the educational process, staff members must first attempt one or more forms of other forms of discipline to support students in meeting behavioral expectations before imposing classroom exclusion, short-term suspension, or in-school suspension. Before imposing a long-term suspension or expulsion, the district must first consider other forms of discipline.

The types of behaviors for which the staff members may use other forms of discipline include any violation of the rules of conduct, as developed annually by the Superintendent. In connection with the rules of conduct, school principals and certificated building staff will confer at least annually to develop precise definitions and build consensus on what constitutes manifestation of problem behaviors. (See Policy 3200 Rights and Responsibilities.) The purpose of developing definitions and consensus on manifestation of a problem behavior is to address the differences in perception of subjective behaviors and reduce the effect of implicit or unconscious bias.

These other forms of discipline may involve the use of best practices and strategies included in the state menu for behavior available online at: http://www.k12.wa.us/SSEO/pubdocs/BehaviorMenu.pdf. The district has identified the following for use as other forms of discipline: Behavior monitoring, mentoring, peer mediation, social skills instruction, de-escalation, and restorative justice practices.

Staff members are not restricted to the above list and may use any other form of discipline compliant with WAC 392-400-025(9).

Additionally, staff may use after-school detention as another form of discipline for not more than 10 minutes on any given day. Before assigning after-school detention, the staff member will inform the student of the specific behavior prompting the detention and provide the student with an opportunity to explain or justify the behavior. At least one professional staff member will directly supervise students in after-school detention.

Administering other forms of discipline cannot result in the denial or delay of the student’s nutritionally adequate meal or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

Students and parents may challenge the administration of other forms of discipline, including the imposition of after-school detention using the grievance process below.

Staff Authority and Exclusionary Discipline
District staff members are responsible for supervising students immediately before and after the school day; during the school day; during school activities (whether on or off campus); on school grounds before or after school hours when a school group or school activity is using school grounds; off school grounds, if the actions of the student materially or substantially affect or interferes with the educational process; and on the school bus.

Staff members will seek early involvement of parents in efforts to support students in meeting behavioral expectations. The Superintendent has general authority to administer discipline, including all exclusionary discipline. The Superintendent designates disciplinary authority to impose short-term suspension, long-term suspension, expulsion, and emergency expulsion to the school principal or his/her designee.

**Classroom exclusions**

After attempting at least one other form of discipline, as set forth above, teachers have statutory authority to impose classroom exclusion. Classroom exclusion means the exclusion of a student from the classroom or instructional activity area based on a behavioral violation that disrupts the educational process. As stated above, the Superintendent, school principals, and certificated staff will work together to develop definitions and consensus on what constitutes behavior that disrupts the educational process to reduce the effect of implicit or unconscious bias.

Classroom exclusion may be for all or any portion of the balance of the school day. Classroom exclusion does not encompass removing a student from school, including sending a student home early or telling a parent to keep a student at home, based on a behavioral violation. Removing a student from school constitutes a suspension, expulsion, or emergency expulsion and must include the notification and due process as stated in the section below.

Classroom exclusion cannot result in the denial or delay of the student’s nutritionally adequate meal or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

The school will provide the student an opportunity to make up any assignments and tests missed during a classroom exclusion. The district will not administer any form of discipline, including classroom exclusions, in a manner that would result in the denial or delay of a nutritionally adequate meal to a student or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

Following the classroom exclusion of a student, the teacher (or other school personnel as identified) must report the classroom exclusion, including the behavioral violation that led to the classroom exclusion, to the principal or the principal’s designee as soon as reasonably possible. The principal or designee must report all classroom exclusions, including the behavioral violation that led to it to the Superintendent. Reporting of the behavioral violation that led to the classroom exclusion as “other” is insufficient.

The teacher, principal, or the principal’s designee must notify the student’s parents regarding the classroom exclusion as soon as reasonably possible. As noted above, the district must ensure that this notification is in a language and form (i.e. oral or written) the parents understand.

When the teacher or other authorized school personnel administers a classroom exclusion because the student’s statements or behavior pose an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process:

(a) The teacher or other school personnel must immediately notify the principal or the principal’s designee; and
(b) The principal or the principal’s designee must meet with the student as soon as reasonably possible and administer appropriate discipline.

The district will address student and parent grievances regarding classroom exclusion through the grievance procedures.

**Grievance process for other forms of discipline and classroom exclusion**

Any parent/guardian or student who is aggrieved by the imposition of other forms of discipline and/or classroom exclusion has the right to an informal conference with the principal for resolving the grievance. If the grievance pertains to the action of an employee, the district will notify that employee of the grievance as soon as reasonably possible.

At such conference, the student and parent will have the opportunity to voice issues and concerns related to the grievance and ask questions of staff members involved in the grievance matter. Staff members will have opportunity to respond to the issues and questions related to the grievance matter. Additionally, the principal will have opportunity to address issues and questions raised and to ask questions of the parent, student, and staff members.

If after exhausting this remedy the grievance is not yet resolved, the parent and student will have the right, upon two (2) school business days prior notice, to present a written and/or oral grievance to the Superintendent or designee. The Superintendent or designee will provide the parent and student with a written copy of its response to the grievance within ten (10) school business days. Use of the grievance process will not impede or postpone the disciplinary action, unless the principal or Superintendent elects to postpone the disciplinary action.
Discipline that may be grieved under this section includes other forms of discipline, including after-school detention; classroom exclusion; removal or suspension from athletic activity or participation; and removal or suspension from school-provided transportation.

Suspension and expulsion – general conditions and limitations

The district’s use of suspension and expulsion will have a real and substantial relationship to the lawful maintenance and operation of the school district, including but not limited to, the preservation of the health and safety of students and employees and the preservation of an educational process that is conducive to learning. The district will not expel, suspend, or discipline in any manner for a student’s performance of or failure to perform any act not related to the orderly operation of the school or school-sponsored activities or any other aspect of preserving the educational process. The district will not administer any form of discipline in a manner that would prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

As stated above, the district must have provided the parent(s) opportunity for involvement to support the student and resolve behavioral violations before administering suspension or expulsion. Additionally, the Superintendent or designee must consider the student’s individual circumstances and the nature of the violation before administering a short-term or in-school suspension.

The board recognizes that when a student’s behavior is subject to disciplinary action, review by a panel of the student’s peers may positively influence the student’s behavior. The board has discretion to authorize the establishment of one or more student disciplinary boards, which may also include teachers, administrators, parents, or any combination thereof. If so authorized, the district will ensure that the student disciplinary board reflects the demographics of the student body. The student disciplinary board may recommend to the appropriate school authority other forms of discipline that might benefit the student’s behavior and may also provide input on whether exclusionary discipline is needed. The school authority has discretion to set aside or modify the student disciplinary board’s recommendation.

The principal or designee at each school must report all suspensions and expulsions, including the behavioral violation that led to the suspension or expulsion, to the Superintendent or designee within twenty-four (24) hours after the administration. Reporting the behavioral violation that led to the suspension or expulsion as “other” is insufficient.

An expulsion or suspension of a student may not be for an indefinite period and must have an end date. After suspending or expelling a student, the district will make reasonable efforts to return the student to the student’s regular educational setting as soon as possible. Additionally, the district must allow the student to petition for readmission at any time. The district will not administer any form of discipline in a manner that prevents a student from completing subject, grade-level, or graduation requirements.

When administering a suspension or expulsion, the district may deny a student admission to, or entry upon, real and personal property that the district owns, leases, rents, or controls. The district must provide an opportunity for students to receive educational services during a suspension or expulsion (see below). The district will not suspend or expel a student from school for absences or tardiness.

If during a suspension or expulsion the district enrolls a student in another program or course of study, the district may not preclude the student from returning to the student’s regular educational setting following the end of the suspension or expulsion, unless one of the following applies:

The Superintendent or designee grants a petition to extend a student’s expulsion under WAC 392-400-480; the change of setting is to protect victims under WAC 392-400-810; or other law precludes the student from returning to his or her regular educational setting.

In accordance with RCW 28A.600.420, a school district must expel a student for no less than one year if the district has determined that the student has carried or possessed a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools. The Superintendent may modify the expulsion on a case-by-case basis.

A school district may also suspend or expel a student for up to one year if the student acts with malice (as defined under RCW 9A.04.110) and displays an instrument that appears to be a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools. These provisions do not apply to students while engaged in a district authorized military education; a district authorized firearms convention or safety course; or district authorized rifle competition.

In-school suspension and short-term suspension

The Superintendent designates the school principal with the authority to impose in-school and short-term suspension. Before administering an in-school or short-term suspension, staff members must have first attempted one or more other forms of discipline to support the student in meeting behavioral expectations and considered the student’s individual circumstances. The district will not administer in-school suspension that would result in the denial or delay of the student’s nutritionally adequate meal.
Unless otherwise required by law, the district is not required to impose in-school or short-term suspensions and instead, strives to keep students in school, learning in a safe and appropriate environment. However, there are circumstances when the district may determine that in-school or short-term suspension is appropriate. As stated above, the district will work to develop definitions and consensus on what constitutes behavioral violations to reduce the effect of implicit or unconscious bias. In accordance with the other parameters of this policy, these circumstances may include the following types of student behaviors: Being intoxicated or under the influence of controlled substance, alcohol or marijuana at school or while present at school activities;

- Bomb scares or false fire alarms that cause a disruption to the school program;
- Cheating or disclosure of exams;
- Commission of any crime on school grounds or during school activities;
- Dress code violations that the student refuses to correct (see student dress policy/procedure 3224);
- Fighting: Fighting and instigating, promoting, or escalating a fight, as well as failure to disperse. Engaging in any form of fighting where physical blows are exchanged, regardless of who initiated the fight. This prohibition includes hitting, slapping, pulling hair, biting, kicking, choking, and scratching or any other acts in which a student intentionally inflicts or attempts to inflict injury on another;
- Gang-related activity;
- Harassment/intimidation/bullying;
- Intentional deprivation of student and staff use of school facilities;
- Intentional endangerment to self, other students, or staff, including endangering on a school bus;
- Intentional injury to another;
- Intentionally defacing or destroying the property of another;
- Intentionally obstructing the entrance or exit of any school building or room in order to deprive others of passing through;
- Possession, use, sale, or delivery of illegal or controlled chemical substances;
- Preventing students from attending class or school activities;
- Refusal to cease prohibited behavior;
- Refusal to leave an area when repeatedly instructed to do so by school personnel;
- Sexual misconduct that could constitute sexual assault or harassment on school grounds, at school activities, or on school provided transportation;
- Substantially and intentionally interfering with any class or activity;
- Threats of violence to other students or staff;
- Use or possession of weapons prohibited by state law and Policy 4210.

**Initial hearing**

Before administering any in-school or short-term suspension, the district will attempt to notify the student’s parent(s) as soon as reasonably possible regarding the behavioral violation. Additionally, the principal or designee must conduct an informal initial hearing with the student to hear the student’s perspective. The principal or designee must provide the student an opportunity to contact his or her parent(s) regarding the initial hearing. The district must hold the initial hearing in a language the parent and student understand.

At the initial hearing, the principal or designee will provide the student:

- Notice of the student’s violation of this policy;
- An explanation of the evidence regarding the behavioral violation;
- An explanation of the discipline that may be administered; and
- An opportunity for the student to share his or her perspective and provide explanation regarding the behavioral violation.

**Notice**

Following the initial hearing, the principal or designee must inform the student of the disciplinary decision regarding the behavioral violation, including the date when any suspension or expulsion will begin and end.

No later than one (1) school business day following the initial hearing with the student, the district will provide written notice of the suspension or expulsion to the student and parents in person, by mail, or by email in a language and form the student and parents will understand. The written notice must include:

a. 1.

b. A description of the student’s behavior and how the behavior violated this policy;

c. The duration and conditions of the suspension or expulsion, including the dates on which the suspension or expulsion will begin and end;

d. The other forms of discipline that the district considered or attempted, and an explanation of the district’s decision to administer the suspension or expulsion;

e. The opportunity to receive educational services during the suspension or expulsion;
f. The right of the student and parent(s) to an informal conference with the principal or designee; and
g. The right of the student and parent(s) to appeal the in-school or short-term suspension;

For students in kindergarten through fourth grade, the district will not administer in-school or short-term suspension for more than ten (10) cumulative school days during any academic term. For students in grades five through twelve, the district will not administer in-school or short-term suspension for more than fifteen (15) cumulative school days during any single semester, or more than ten (10) cumulative school days during any single trimester. Additionally, the district will not administer a short-term or in-school suspension beyond the school year in which the behavioral violation occurred.

The district will not administer in-school or short-term suspensions in a manner that would result in the denial or delay of a nutritionally adequate meal to a student.

When administering an in-school suspension, school personnel must ensure they are physically in the same location as the student to provide direct supervision during the duration of the in-school suspension. Additionally, school personnel must ensure they are accessible to offer support to keep the student current with assignments and course work for all of the student’s regular subjects or classes.

**Long-term suspensions and expulsions**

Before administering a long-term suspension or an expulsion, district personnel must consider other forms of discipline to support the student in meeting behavioral expectations. The district must also consider the other general conditions and limitations listed above.

Unless otherwise required by law, the district is not required to impose long-term suspension or expulsion and may impose long-term suspension or expulsion only for specify misconduct. In general, the district strives to keep students in school, learning in a safe and appropriate environment. However, in accordance with the other parameters of this policy there are circumstances when the district may determine that long-term suspension or expulsion is appropriate for student behaviors listed in RCW 28A.600.015 (6)(a) through (d), which include:

1. Having a firearm on school property or school transportation in violation of RCW 28A.600.420;

2. Any of the following offenses listed in RCW 13.04.155, including:
   - any violent offense as defined in RCW 9.94A.030, including
     - any felony that Washington law defines as a class A felony or an attempt, criminal conspiracy, or solicitation to commit a class A felony;
     - manslaughter;
     - indecent liberties committed by forcible compulsion;
     - kidnapping;
     - arson;
     - assault in the second degree;
     - assault of a child in the second degree;
     - robbery;
     - drive-by shooting; and
     - vehicular homicide or vehicular assault caused by driving a vehicle while under the influence of intoxicating liquor or any drug, or by operating a vehicle in a reckless manner.
     - any sex offense as defined in RCW 9.94A.030, which includes any felony violation of chapter 9A.44 RCW (other than failure to registered as a sex offender in violation of 9A.44.132), including rape, rape of a child, child molestation, sexual misconduct with a minor, indecent liberties, voyeurism, and any felony conviction or adjudication with a sexual motivation finding;
     - inhaling toxic fumes in violation of chapter 9.47A RCW;
     - any controlled substance violation of chapter 69.50 RCW;
     - any liquor violation of RCW 66.44.270;
     - any weapons violation of chapter 9.41 RCW, including having a dangerous weapon at school in violation of RCW 9.41.280;
     - any violation of chapter 9A.36 RCW, including assault, malicious harassment, drive-by shooting, reckless endangerment, promoting a suicide attempt, coercion, assault of a child, custodial assault, and failing to summon assistance for an injured victim of a crime in need of assistance;
     - any violation of chapter 9A.40 RCW, including kidnapping, unlawful imprisonment, custodial interference, luring, and human trafficking;
     - any violation of chapter 9A.46 RCW, including harassment, stalking, and criminal gang intimidation; and
     - any violation of chapter 9A.48 RCW, including arson, reckless burning, malicious mischief, and criminal street gang tagging and graffiti.

3. Two or more violations of the following within a three-year period
   - criminal gang intimidation in violation of RCW 9A.46.120;
   - gang activity on school grounds in violation of RCW 28A.600.455;
o willfully disobeying school administrative personnel in violation of RCW 28A.600.455;
o willfully disobeying school administrative personnel in violation of RCW 28A.635.020; and
o defacing or injuring school property in violation of RCW 28A.635.060; and
o Any student behavior that adversely affects the health or safety of other students or educational staff.

In addition to being a behavior specified in RCW 28A.600.015, before imposing long-term suspension or expulsion, district personnel must also determine that if the student returned to school before completing a long-term suspension or expulsion the student would pose an imminent danger to students, school personnel, or pose an imminent threat of material and substantial disruption to the educational process. As stated above, the district will work to develop definitions and consensus on what constitutes such an imminent threat to reduce the effect of implicit or unconscious bias.

Behavior agreements
The district authorizes staff to enter into behavior agreements with students and parents in response to behavioral violations, including agreements to reduce the length of a suspension conditioned on the participation in treatment services, agreements in lieu of suspension or expulsion, or agreements holding a suspension or expulsion in abeyance. Behavior agreements will also describe district actions planned to support behavior changes by the students. The district will provide any behavior agreement in a language and form the student and parents understand.

A behavior agreement does not waive a student’s opportunity to participate in a reengagement meeting or to receive educational services. The duration of a behavior agreement must not exceed the length of an academic term. A behavior agreement does not preclude the district from administering discipline for behavioral violations that occur after the district enters into an agreement with the student and parents.

Initial hearing
Before administering any suspension or expulsion, the district will attempt to notify the student’s parent(s) as soon as reasonably possible regarding the behavioral violation. Additionally, the principal or designee must conduct an informal initial hearing with the student to hear the student’s perspective. The principal or designee must make a reasonable attempt to contact the student’s parents and provide an opportunity for the parents to participate in the initial hearing in person or by telephone. The district must hold the initial hearing in a language the parent and student understand. At the initial hearing, the principal or designee will provide the student:

- Notice of the student’s violation of this policy;
- An explanation of the evidence regarding the behavioral violation;
- An explanation of the discipline that may be administered; and
- An opportunity for the student to share his or her perspective and provide explanation regarding the behavioral violation.

Following the initial hearing, the principal or designee must inform the student of the disciplinary decision regarding the behavioral violation, including the date when any suspension or expulsion will begin and end.

Notice
No later than one (1) school business day following the initial hearing with the student, the district will provide written notice of the suspension or expulsion to the student and parents in person, by mail, or by email. If the parent cannot read any language, the district will provide language assistance. The written notice must include:

a. A description of the student’s behavior and how the behavior violated this policy;
b. The duration and conditions of the suspension or expulsion, including the dates on which the suspension or expulsion will begin and end;
c. The other forms of discipline that the district considered or attempted, and an explanation of the district’s decision to administer the suspension or expulsion;
d. The opportunity to receive educational services during the suspension or expulsion;
e. The right of the student and parent(s) to an informal conference with the principal or designee;
f. The right of the student and parent(s) to appeal the suspension or expulsion; and

g. For any long-term suspension or expulsion, the opportunity for the student and parents to participate in a reengagement meeting.

Other than for the firearm exception under WAC 392-400-820, the district will not impose a long-term suspension or an expulsion for any student in kindergarten through fourth grade.

If a long-term suspension or expulsion may exceed ten (10) days, the district will consider whether the student is currently eligible or might be deemed eligible for special education services. If so, the principal will notify relevant special education staff of the suspension or expulsion so that the district can ensure it follows its special education discipline procedures as well as its general education discipline procedures.

Divergence between long-term suspension and expulsion

A long-term suspension may not exceed the length of an academic term. The district may not administer a long-term suspension beyond the school year in which the behavioral violation occurred.
An expulsion may not exceed the length of an academic term, unless the Superintendent grants a petition to extend the expulsion under WAC 392-400-480. The district is not prohibited from administrating an expulsion beyond the school year in which the behavioral violation occurred.

**Emergency Expulsions**

The district may immediately remove a student from the student’s current school placement, subject to the following requirements:

The district must have sufficient cause to believe that the student’s statements or observable behaviors pose:
- An immediate and continuing danger to other students or school personnel; or
- An immediate and continuing threat of material and substantial disruption of the educational process.

The district may not impose an emergency expulsion solely for investigating student conduct.

For purposes of determining sufficient cause for an emergency expulsion, the phrase “immediate and continuing threat of material and substantial disruption of the educational process” means:
- The student’s behavior results in an extreme disruption of the educational process that creates a substantial barrier to learning for other students across the school day; and
- School personnel have exhausted reasonable attempts at administering other forms of discipline to support the student in meeting behavioral expectations.

An emergency expulsion may not exceed ten consecutive school days. An emergency expulsion must end or be converted to another form of discipline within ten (10) school days from its start.

After an emergency expulsion, the district must attempt to notify the student’s parents, as soon as reasonably possible, regarding the reason the district believes the student’s statements or behaviors pose an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the education process.

**Notice**

Within twenty-four (24) hours after an emergency expulsion, the district will provide written notice to the student and parents in person, by mail, or by email. The written notice must include:

- The reason the student’s statements or behaviors pose an immediate and continuing danger to students or school personnel, or poses an immediate and continuing threat of material and substantial disruption of the educational process;
- The duration and conditions of the emergency expulsion, including the date on which the emergency expulsion will begin and end;
- The opportunity to receive educational services during the emergency expulsion;
- The right of the student and parent(s) to an informal conference with the principal or designee; and
- The right of the student and parent(s) to appeal the emergency expulsion, including where and to whom the appeal must be requested.

If the district converts an emergency expulsion to a suspension or expulsion, the district must:
(a) Apply any days that the student was emergency expelled before the conversion to the total length of the suspension or expulsion; and
(b) Provide the student and parents with notice and due process rights under WAC 392-400-455 through 392-400-480 appropriate to the new disciplinary action.

All emergency expulsions, including the reason the student’s statements or behaviors pose an immediate and continuing danger to other students or school personnel, must be reported to the Superintendent or designee within twenty-four (24) hours after the start of the emergency expulsion.

**Appeal, Reconsideration, and Petition**

**Optional conference with principal**

If a student or the parent(s) disagree with the district’s decision to suspend, expel, or emergency expel the student, the student or parent(s) may request an informal conference with the principal or designee to resolve the disagreement. The parent or student may request an informal conference orally or in writing.

The principal or designee must hold the conference within three (3) school business days after receiving the request, unless otherwise agreed to by the student and parent(s).

During the informal conference, the student and parent(s) will have the opportunity to share the student’s perspective and explanation regarding the events that led to the behavioral violation. The student and parent will also have the opportunity to confer with the principal or designee and school personnel involved in the incident that led to the suspension or expulsion. Further, the student and parent will have the opportunity to discuss other forms of discipline that the district could administer.
An informal conference will not limit the right of the student or parent(s) to appeal the suspension or expulsion, participate in a reengagement meeting, or petition for readmission.

**Appeals**

**Requesting appeal**
The appeal provisions for in school and short-term suspension differ from those for long-term suspension and expulsion. The appeal provisions for long-term suspension or expulsion and emergency expulsion have similarities but the timelines differ.

A student or the parent(s) may appeal a suspension, expulsion, or emergency expulsion to the Superintendent or designee orally or in writing. For suspension or expulsion, the request to appeal must be within five (5) school business days from when the district provided the student and parent with written notice. For emergency expulsion, the request to appeal must be within three (3) school business days from when the district provided the student and parent with written notice.

When an appeal for long-term suspension or expulsion is pending, the district may continue to administer the long-term suspension or expulsion during the appeal process, subject to the following requirements:

- The suspension or expulsion is for no more than ten (10) consecutive school days from the initial hearing or until the appeal is decided, whichever is earlier;
- The district will apply any days of suspension or expulsion occurring before the appeal is decided to the term of the student’s suspension or expulsion and may not extend the term of the student’s suspension or expulsion; and
- If the student returns to school before the appeal is decided, the district will provide the student an opportunity to make up assignments and tests missed during the suspension or expulsion upon the student’s return.

**In-school and short-term suspension appeal**
For short-term and in-school suspensions, the Superintendent or designee will provide the student and parents the opportunity to share the student’s perspective and explanation regarding the behavioral violation orally or in writing. The Superintendent or designee must deliver a written appeal decision to the student and parent(s) in person, by mail, or by email within two (2) school business days after receiving the appeal. The written decision must include:

- The decision to affirm, reverse, or modify the suspension;
- The duration and conditions of the suspension, including the beginning and ending dates;
- The educational services the district will offer to the student during the suspension; and
- Notice of the student and parent(s)’ right to request review and reconsideration of the appeal decision, including where and to whom to make such a request.

**Long-term suspension or expulsion and emergency expulsion appeal**
For long-term suspension or expulsion and emergency expulsions, the Superintendent or designee will provide the student and parent(s) written notice in person, by mail, or by email, within one (1) school business day after receiving the appeal request, unless the parties agree to a different timeline. Written notice will include:

- The time, date, and location of the appeal hearing;
- The name(s) of the official(s) presiding over the appeal;
- The right of the student and parent(s) to inspect the student’s education records;
- The right of the student and parent(s) to inspect any documentary or physical evidence and a list of any witnesses that will be introduced at the hearing;
- The rights of the student and parent(s) to be represented by legal counsel; question witnesses; share the student’s perspective and explanation; and introduce relevant documentary, physical, or testimonial evidence; and
- Whether the district will offer a reengagement meeting before the appeal hearing.

For long-term suspension or expulsion, the student, parent(s) and district may agree to hold a reengagement meeting and develop a reengagement plan before the appeal hearing. The student, parent(s), and district may mutually agree to postpone the appeal hearing while participating in the reengagement process.

**Hearings**
A hearing to appeal a long-term suspension or expulsion or emergency expulsion is a quasi-judicial process exempt from the Open Public Meetings Act (OPMA). To protect the privacy of student(s) and others involved, the district will hold hearing without public notice and without public access unless the student(s) and/or the parent(s) or their counsel requests an open hearing. Regardless of whether the hearing is open or closed, the district will make reasonable efforts to comply with the Family Educational Rights and Privacy Act (FERPA) concerning confidentiality of student education records.

When students are charged with violating the same rule and have acted in concert and the facts are essentially the same for all students, a single hearing may be conducted for them if the hearing officer believes that the following conditions exist:

- A single hearing will not likely result in confusion; and
- No student will have his/her interest substantially prejudiced by a group hearing.

If the official presiding over the hearing finds that a student’s interests will be substantially prejudiced by a group hearing, the presiding official may order a separate hearing for that student. The parent and student have the right to petition for an individual hearing.
For long-term suspension or expulsion, the district will hold an appeal hearing within three (3) school business days after the Superintendent or designee received the appeal request, unless otherwise agreed to by the student and parent(s).

For emergency expulsion, the district will hold an appeal hearing within two (2) school business days after the Superintendent or designee received the appeal request, unless the student and parent(s) agree to another time.

The school board may designate a discipline appeal council to hear and decide any appeals in this policy and procedure or to review and reconsider a district’s appeal decisions. A discipline appeal council must consist of at least three persons appointed by the school board for fixed terms. All members of a discipline appeal council must be knowledgeable about the rules in Chapter 392-400 WAC and this policy and procedure. The school board may also designate the Superintendent or a hearing officer to hear and decide appeals. The presiding official(s) may not have been involved in the student’s behavioral violation or the decision to suspend or expel the student.

Upon request, the student and parent(s) or their legal representative may inspect any documentary or physical evidence and list of any witnesses that the district will introduce at the appeal hearing. The district must make the information available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing. The district may also request to inspect any documentary or physical evidence and list of any witnesses that the student and parent(s) intend to introduce at the appeal hearing. The student and parent(s) must make this information available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing.

Upon request, the student and parent(s) may review the student’s education records. The district will make the records available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing.

If a witness for the district cannot or does not appear at the appeal hearing, the presiding official(s) may excuse the witness’ nonappearance if the district establishes that:
- The district made a reasonable effort to produce the witness; and
- The witness’ failure to appear is excused by fear of reprisal or another compelling reason.

The district will record the appeal hearing by manual, electronic, or other type of recording device and upon request of the student or parent(s) provide them a copy of the recording.

For long-term suspension or expulsion, the presiding official(s) must base the decision solely on the evidence presented at the hearing. The presiding official(s) will provide a written decision to the student and parent(s) in person, by mail, or by email within three (3) school business days after the appeal hearing. The written decision must include:
- The findings of fact;
- A determination whether (i) the student’s behavior violated this policy; (ii) the behavioral violation reasonably warrants the suspension or expulsion and the length of the suspension or expulsion; and (iii) the suspension or expulsion is affirmed, reversed, or modified;
- The duration and conditions of suspension or expulsion, including the beginning and ending dates;
- Notice of the right of the student and parent(s) to request a review and reconsideration of the appeal decision. The notice will include where and to whom to make such a request; and
- Notice of the opportunity for a reengagement meeting and contact information for the person who will schedule it.

For emergency expulsion, the district will provide a written decision to the student and parent(s) in person, by mail, or by email within one (1) school business day after the appeal hearing. The written decision must include:
- The findings of fact;
- A determination whether the student’s statements or behaviors continue to pose (i) an immediate and continuing danger to students or school personnel; or (ii) an immediate and continuing threat of material and substantial disruption of the educational process;
- Whether the district will end the emergency expulsion or convert the emergency expulsion to a suspension or expulsion. If the district converts the emergency expulsion to a suspension or expulsion, the district will provide the student and parent(s) notice and due process consistent with the disciplinary action to which the emergency expulsion was converted; and
- Notice of the right of the student and parent(s) to request a review and reconsideration of the appeal decision. The notice will include where and to whom to make such a request.

Reconsideration of appeal
The student or parents may request the school board or discipline appeal council, if established by the school board, review and reconsider the district’s appeal decision for long-term suspensions or expulsions and emergency expulsions. This request may be either oral or in writing.

For long-term suspension or expulsion, the student or parent(s) may request a review within ten (10) school business days from when the district provided the student and parent(s) with the written appeal decision.

For emergency expulsion, the student or parent(s) may request a review within five (5) school business days from when the district provided the student and parent(s) with the written appeal decision.
In reviewing the district’s decision, the school board or discipline appeal council, if established, must consider (i) all documentary and physical evidence from the appeal hearing related to the behavioral violation; (ii) any records from the appeal hearing; (iii) relevant state law; and (iv) this policy adopted.

The school board (or discipline appeal council) may request to meet with the student and parent(s), the principal, witnesses, and/or school personnel to hear further arguments and gather additional information.

The decision of the school board (or discipline appeal council) will be made only by board or discipline council members who were not involved in (i) the behavioral violation; (ii) the decision to suspend or expel the student; or (iii) the appeal decision. If the discipline appeal council presided over the appeal hearing, the school board will conduct the review and reconsideration.

For long-term suspension or expulsion, the school board (or discipline appeal council) will provide a written decision to the student and parent(s) in person, by mail, or by email within ten (10) school business days after receiving the request for review and reconsideration. The written decision must identify:

- Whether the school board (or discipline appeal council) affirms, reverses, or modifies the suspension or expulsion;
- The duration and conditions of the suspension or expulsion, including the beginning and ending dates of the suspension or expulsion; and
- The right of the student and parent(s) to respond to the petition orally or in writing to the Superintendent or designee within five (5) school business days from the date the district provided the written notice.

The principal or designee may petition to extend an expulsion only after the development of a reengagement plan under WAC 392-400-455 through 392-400-480 consistent with the disciplinary action to which the emergency expulsion was converted

Petition to extend an expulsion
When risk to public health or safety warrants extending a student’s expulsion, the principal or designee may petition the Superintendent or designee for authorization to exceed the academic term limitation on an expulsion. The petition must inform the Superintendent or designee of:

- The behavioral violation that resulted in the expulsion and the public health or safety concerns;
- The student’s academic, attendance, and discipline history;
- Any nonacademic supports and behavioral services the student was offered or received during the expulsion;
- The student’s academic progress during the expulsion and the educational services available to the student during the expulsion;
- The proposed extended length of the expulsion; and
- The student’s reengagement plan.

The principal or designee may petition to extend an expulsion only after the development of a reengagement plan under WAC 392-400-710 and before the end of the expulsion. For violations of WAC 392-400-820 involving a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools, the principal or designee may petition to extend an expulsion at any time.

Notice
The district will provide written notice of a petition to the student and parent(s) in person, by mail, or by email within one (1) school business day from the date the Superintendent or designee received the petition. The written notice must include:

- A copy of the petition;
- The right of the student and parent(s) to an informal conference with the Superintendent or designee to be held within five (5) school business days from the date the district provided written notice to the student and parent(s); and
- The right of the student and parent(s) to respond to the petition orally or in writing to the Superintendent or designee within five (5) school business days from the date the district provided the written notice.

The Superintendent or designee may grant the petition only if there is substantial evidence that, if the student were to return to the student’s previous school of placement after the length of an academic term, the student would pose a risk to public health or safety. The Superintendent or designee must deliver a written decision to the principal, the student, and the student’s parent(s) in person, by mail, or by email within ten (10) school business days after receiving the petition.

If the Superintendent or designee does not grant the petition, the written decision must identify the date when the expulsion will end.

If the Superintendent or designee grants the petition, the written decision must include:

- The date on which the extended expulsion will end;
- The reason that, if the student were to return before the initial expulsion end date, the student would pose a risk to public health or safety; and
• Notice of the right of the student and parent(s) to request a review and reconsideration. The notice will include where and to whom to make such a request;

**Review and Reconsideration of extension of expulsion**

The student or parent(s) may request that the school board (or discipline appeal council, if established by the board) review and reconsider the decision to extend the student’s expulsion. The student or parents may request the review orally or in writing within ten (10) school business days from the date the Superintendent or designee provides the written decision.

The school board (or discipline appeal council) may request to meet with the student or parent(s) or the principal to hear further arguments and gather additional information.

The decision of the school board (or discipline appeal council) may be made only board or discipline appeal council members who were not involved in the behavioral violation, the decision to expel the student, or the appeal decision.

The school board (or discipline appeal council) will provide a written decision to the student and parent(s) in person, by mail, or by email within ten (10) school business days after receiving the request for review and reconsideration. The written decision must identify:
- Whether the school board or discipline appeal council affirms, reverses, or modifies the decision to extend the student’s expulsion; and
- The date when the extended expulsion will end.

Any extension of an expulsion may not exceed the length of an academic term.

The district will annually report the number of petitions approved and denied to the Office of Superintendent of Public Instruction.

**Educational Services**

The district will offer educational services to enable a student who is suspended or expelled to:
- Continue to participate in the general education curriculum;
- Meet the educational standards established within the district; and
- Complete subject, grade-level, and graduation requirements.

When providing a student the opportunity to receive educational services during exclusionary discipline, the school must consider:
- Meaningful input from the student, parents, and the student’s teachers;
- Whether the student’s regular educational services include English language development services, special education, accommodations and related services under Section 504 of the Rehabilitation Act of 1973, or supplemental services designed to support the student’s academic achievement; and
- Access to any necessary technology, transportation, or resources the student needs to participate fully in the educational services.

After considering the factors and input described above, the district will determine a student’s educational services on a case-by-case basis. The types of educational services the district will consider include alternative setting or classrooms, one-on-one tutoring (when available), and online learning tutoring. Any educational services in an alternative setting should be comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of exclusionary discipline.

As soon as reasonably possible after administering a suspension or expulsion, the district will provide written notice to the student and parents about the educational services the district will provide. The notice will include a description of the educational services and the name and contact information of the school personnel who can offer support to keep the student current with assignments and course work.

For students subject to suspension or emergency expulsion up to five (5) days, a school must provide at least the following:
- Course work, including any assigned homework, from all of the student’s regular subjects or classes;
- Access to school personnel who can offer support to keep the student current with assignments and course work for all of the student’s regular subjects or classes; and
- An opportunity for the student to make up any assignments and tests missed during the period of suspension or emergency expulsion.

For students subject to suspension or emergency expulsion for six (6) to ten (10) consecutive school days, a school must provide at least the following:
- Course work, including any assigned homework, from all of the student’s regular subjects or classes;
- An opportunity for the student to make up any assignments and tests missed during the period of suspension or emergency expulsion; and
- Access to school personnel who can offer support to keep the student current with assignments and course work for all of the student’s regular subjects or classes. School personnel will make a reasonable attempt to contact the student or parents within three (3) school business days following the start of the suspension or emergency expulsion and periodically thereafter until the suspension or emergency expulsion ends to:
  - Coordinate the delivery and grading of course work between the student and the student’s teacher(s) at a frequency that would allow the student to keep current with assignments and course work for all of the student’s regular subjects or classes; and
Communicate with the student, parents, and the student’s teacher(s) about the student’s academic progress.

For students subject to expulsion or suspension for more than ten (10) consecutive school days, a school will make provisions for educational services in accordance with the “Course of Study” provisions of WAC 392-121-107.

**Readmission**

**Readmission application process**
The readmission process is different from and does not replace the appeal process. Students who have been suspended or expelled may make a written request for readmission to the district at any time. If a student desires to be readmitted at the school from which he/she has been suspended/expelled, the student will submit a written application to the principal, who will recommend admission or non-admission. If a student wishes admission to another school, he/she will submit the written application to the Superintendent. The application will include:
- The reasons the student wants to return and why the request should be considered;
- Any evidence that supports the request; and
- A supporting statement from the parent or others who may have assisted the student.
The Superintendent will advise the student and parent of the decision within seven (7) school days of the receipt of such application.

**Reengagement**

**Reengagement Meeting**
The reengagement process is distinct from a written request for readmission. The reengagement meeting is also distinct from the appeal process, including an appeal hearing, and does not replace an appeal hearing. The district must convene a reengagement meeting for students with a long-term suspension or expulsion.

Before convening a reengagement meeting, the district will communicate with the student and parent(s) to schedule the meeting time and location. The purpose of the reengagement meeting is to discuss with the student and his or her parent(s)/guardian(s) a plan to reengage the student.

The reengagement meeting must occur:
- Within twenty (20) calendar days of the start of the student’s long-term suspension or expulsion, but no later than five (5) calendar days before the student’s return to school; or
- As soon as reasonably possible if the student or parents request a prompt reengagement meeting.

**Reengagement plan**
The district will collaborate with the student and parents to develop a culturally-sensitive and culturally-responsive reengagement plan tailored to the student’s individual circumstances to support the student in successfully returning to school. In developing a reengagement plan, the district must consider:
- The nature and circumstances of the incident that led to the student’s suspension or expulsion;
- As appropriate, students’ cultural histories and contexts, family cultural norms and values, community resources, and community and parent outreach;
- Shortening the length of time that the student is suspended or expelled;
- Providing academic and nonacademic supports that aid in the student’s academic success and keep the student engaged an on track to graduate; and
- Supporting the student parents, or school personnel in taking action to remedy the circumstances that resulted in the suspension or expulsion and preventing similar circumstances from recurring.
The district must document the reengagement plan and provide a copy of the plan to the student and parents. The district must ensure that both the reengagement meeting and the reengagement plan are in a language the student and parents understand.

**Exceptions for protecting victims**
The district may preclude a student from returning to the student’s regular educational setting following the end date of a suspension or expulsion to protect victims of certain offenses as follows:
- A student committing an offense under RCW 28A.600.460(2), when the activity is directed toward the teacher, shall not be assigned to that teacher’s classroom for the duration of the student’s attendance at that school or any other school where the teacher is assigned;

A student who commits an offense under RCW 28A.600.460(3), when directed toward another student, may be removed from the classroom of the victim for the duration of the student’s attendance at that school or any other school where the victim is enrolled.

3413 STUDENT IMMUNIZATION AND LIFE THREATENING HEALTH CONDITIONS

**Immunizations**
In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of disease, the board requires a student to present evidence of his/her having been immunized
against the following diseases: diphtheria, pertussis (whooping cough), poliomyelitis, measles, rubella, mumps, hepatitis B, and tetanus. A student satisfies the measles requirement upon a physician's verification that the student has had measles (rubeola). Immediately upon enrollment in the district a certificate of immunization status, distributed by the Washington Department of Health, shall be completed by the student's parent. The certificate shall be made a part of the student's permanent record. If a student has not received any or all of the required immunizations, he/she shall submit evidence of the initiation of an immunization schedule and be placed in a "conditional admittance" category. He/she may remain in school for one school year provided that there is documentation that the immunization schedule is being maintained. Failure to maintain or submit the schedule will be sufficient cause to exclude the student from school.

Exemptions from one or more vaccines shall be granted for medical reason upon certification by a physician that there is a medical reason for not administering the vaccine. Exemptions for personal or religious reasons shall be granted upon request of the parent. The permanent file of students with exemptions shall be marked for easy identification should the department of health order that exempted students be excluded from school temporarily during an epidemic.

If proof of immunization or a certificate of exemption is not received upon the student's enrollment in school, the principal shall provide written notice to the parents or guardians informing them of:

A. The immunization requirements;
B. The denial of further attendance by the student;
C. The procedural due process rights; and
D. The immunization services that are available.

Following proper notification, the school shall exclude the student for noncompliance with the immunization laws pursuant to the appeal process procedures for student expulsions. Parents shall have a right to a hearing provided they notify the school within 3 days after receiving the exclusion order from the school principal. If the parent requests a hearing, the parent or guardian and school principal shall be notified in writing of the time and place for the hearing and shall present the case to a hearing officer appointed by the superintendent.

*Life-Threatening Health Conditions*

Prior to attendance at school, each child with a life-threatening health condition shall present a medication or treatment order addressing the condition. A life threatening health condition means a condition that will put the child in danger of death during the school day if a medication or treatment order providing authority to a registered nurse and nursing plan are not in place. Following submission of the medication or treatment order, a nursing plan shall be developed.

Students who have a life-threatening health condition and no medication or treatment order presented to the school shall be excluded from school, to the extent that the district can do so consistent with federal requirements for students with disabilities under the Individuals with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, and pursuant to the following due process requirements:

A. Written notice to the parents, guardians or persons in loco parentis delivered to the parents in person or by certified mail.
B. Notice of the applicable laws, including a copy of the laws and rules.
C. The order that the student shall be excluded from school immediately and until a medication or treatment order is presented.
D. Describe the rights of the parents and student to a hearing, the hearing process and explain that the exclusion continues until the medication or treatment plan is presented or the hearing officer determines that the student should no longer be excluded from school.
E. If the parents request a hearing, the district shall schedule one within three school days of receiving the request, unless more time is requested by the parents.
F. The hearing process shall be consistent with the procedures established for disciplinary cases pursuant to Chapter 180-40 WAC.
